Dear Eva,

Thank you for inviting me to participate at the planned Oct 26-29/89 Frankfurt UFO Convention. I accept and I will come to speak, conditional to have my expenses paid by the organizers. I would need my paid up air-ticket (or equivalent \$ money order) be sent here along with reserved hotel receipt about 2 months before the event, so I could firm up my arrangement and my leave from work for an 8 to 10 days period (the extra days after the convention would be for my private sightseeing travel). Otherwise I can not come, for I have not got the money, and have not got the time - especially for a lecture-tour - due to the nature of my job with the CBC TV Network.

In another 6 weeks from this date, my new UFO book "About my Space Friends" will be completed and ready to publish and to translate. I expect it to be out in German by Mr. Veit or Robert Utzinger this summer, for whom the Convention could be good promotion.

I am O.K., had a good Xmas. Les is O.K., too. He wanted to know what you said about him in your letter to me - but I did not tell, except that "friendships did not deepen for you."

Love and Light,

P.S.: am waiting for your response in 1-2 months regarding my offer for the Convention.
